

SUNSHINE BOOKS SCIENCE TITLES FROM SUNSHINE CLASSICS - LINKS WITH THE AUSTRALIAN CURRICULUM- SCIENCE

TITLE	LEVEL	SCIENCE UNDERSTANDING	CONTENT DESCRIPTION
BIOLOGICAL SCIENCES			
Big and Little	3	Biological Sciences	Living things grow, change and have offspring similar to themselves (ACSSU030)
My Home	4	Biological Sciences	Living things live in different places where their needs are met (ACSSU211)
Good For You	5	Biological Sciences	Living things have basic needs, including food and water (ACSSU002)
Sharks	6	Biological Sciences	Living things have a variety of external features (ACSSU017)
My Dog	6	Biological Sciences	Living things have basic needs, including food and water (ACSSU002)
The Seed	7	Biological Sciences	Living things have basic needs, including food and water (ACSSU002)
In the Desert	8	Biological Sciences	Living things live in different places where their needs are met (ACSSU211)
The River	9	Biological Sciences	Living things have basic needs, including food and water (ACSSU002)
Animal Inventions	10	Biological Sciences	Living things have a variety of external features (ACSSU017)
Trees Are Special	10	Biological Sciences	Living things have basic needs, including food and water (ACSSU002)
Are You a Ladybird?	11	Biological Sciences	Living things have a variety of external features (ACSSU017)
Camouflage	11	Biological Sciences	Living things have a variety of external features (ACSSU017)
The Tree	11	Biological Sciences	Living things live in different places where their needs are met (ACSSU211)
What Am I?	12	Biological Sciences	Living things have a variety of external features (ACSSU017)
The Hermit Crab	12	Biological Sciences	Living things live in different places where their needs are met (ACSSU211)
The Dandelion	12	Biological Sciences	Living things grow, change and have offspring similar to themselves (ACSSU030)
A Small World	13	Biological Sciences	Living things have a variety of external features (ACSSU017)
Whose Eggs Are These?	13	Biological Sciences	Living things grow, change and have offspring similar to themselves (ACSSU030)
Seeds	18	Biological Sciences	Living things grow, change and have offspring similar to themselves (ACSSU030)
The Desert Machine	18	Biological Sciences	Living things have a variety of external features (ACSSU017)
Bees	18	Biological Sciences	Living things depend on each other and the environment to survive (ACSSU073)
Tracks in the Sand	18	Biological Sciences	Living things can be grouped on the basis of observable features and can be distinguished from non-living things (ACSSU044)
Incredible Insects	19	Biological Sciences	Living things can be grouped on the basis of observable features and can be distinguished from non-living things (ACSSU044)
Is it a Fish?	20	Biological Sciences	Living things can be grouped on the basis of observable features and can be distinguished from non-living things (ACSSU044)
Our Eyes	20	Biological Sciences	Living things have structural features and adaptations that help them to survive in their environment (ACSSU043)
Wonderful Ears	20	Biological Sciences	Living things have structural features and adaptations that help them to survive in their environment (ACSSU043)
Animals, Plants and Air	20	Biological Sciences	Living things have structural features and adaptations that help them to survive in their environment (ACSSU043)
Blackbirds	21	Biological Sciences	Living things grow, change and have offspring similar to themselves (ACSSU030)
Flowers	21	Biological Sciences	Living things can be grouped on the basis of observable features and can be distinguished from non-living things (ACSSU044)
Feathers and Flight	21	Biological Sciences	Living things can be grouped on the basis of observable features and can be distinguished from non-living things (ACSSU044)
Animals and Their Teeth	21	Biological Sciences	Living things have structural features and adaptations that help them to survive in their environment (ACSSU043)
How Do Fish Live?	22	Biological Sciences	Living things have structural features and adaptations that help them to survive in their environment (ACSSU043)
Baby Birds	22	Biological Sciences	Living things grow, change and have offspring similar to themselves (ACSSU030)
About Snails	23	Biological Sciences	Living things have life cycles (ACSSU072)
Wonderful Eyes	23	Biological Sciences	Living things have structural features and adaptations that help them to survive in their environment (ACSSU043)
From Flowers to Fruit	24	Biological Sciences	Living things have life cycles (ACSSU072)

Endangered Animals	24	Biological Sciences	Living things depend on each other and the environment to survive (ACSSU073)
The Super Body Fun Fair	24	Biological Sciences	Living things have structural features and adaptations that help them to survive in their environment (ACSSU043)
Spiders	25	Biological Sciences	Living things can be grouped on the basis of observable features and can be distinguished from non-living things (ACSSU044)
Fruit	25	Biological Sciences	Living things can be grouped on the basis of observable features and can be distinguished from non-living things (ACSSU044)
The Pond	25	Biological Sciences	Living things depend on each other and the environment to survive (ACSSU073)
The Emperor Penguin	25	Biological Sciences	Living things have structural features and adaptations that help them to survive in their environment (ACSSU043)
Butterflies	26	Biological Sciences	Living things have life cycles (ACSSU072)
About Bees	26	Biological Sciences	Living things can be grouped on the basis of observable features and can be distinguished from non-living things (ACSSU044)
Ocean Birds	26	Biological Sciences	Living things have structural features and adaptations that help them to survive in their environment (ACSSU043)
Sharp Defences	26	Biological Sciences	Living things have structural features and adaptations that help them to survive in their environment (ACSSU043)
Birds of Prey	26	Biological Sciences	Living things have structural features and adaptations that help them to survive in their environment (ACSSU043)
Fossils	29	Biological Sciences	Living things can be grouped on the basis of observable features and can be distinguished from non-living things (ACSSU044)
The Horse	30	Biological Sciences	Living things can be grouped on the basis of observable features and can be distinguished from non-living things (ACSSU044)
CHEMICAL SCIENCES			
How Bread is Made	22	Chemical Sciences	Different materials can be combined for a particular purpose (ACSSU031)
Popping Corn	29	Chemical Sciences	Solids, liquids and gases have different observable properties and behave in different ways (ACSSU077)
Chocolate	29	Chemical Sciences	A change of state between solid and liquid can be caused by adding or removing heat (ACSSU046)
The Crystals	29	Chemical Sciences	A change of state between solid and liquid can be caused by adding or removing heat (ACSSU046)
Sweets	29	Chemical Sciences	A change of state between solid and liquid can be caused by adding or removing heat (ACSSU046)
Ropes and Knots	29	Chemical Sciences	Natural and processed materials have a range of physical properties that can influence their use (ACSSU074)
The Drum	30	Chemical Sciences	Natural and processed materials have a range of physical properties that can influence their use (ACSSU074)
EARTH AND SPACE SCIENCES			
Snow	4	Earth and Space Sciences	Observable changes occur in the sky and landscape (ACSSU019)
Space	14	Earth and Space Sciences	Daily and seasonal changes in our environment, including the weather, affect everyday life (ACSSU004)
Icebergs	19	Earth and Space Sciences	Earth's surface changes over time as a result of natural processes and human activity (ACSSU075)
Volcanoes	19	Earth and Space Sciences	Earth's surface changes over time as a result of natural processes and human activity (ACSSU075)
Clouds, Rain and Fog	20	Earth and Space Sciences	Observable changes occur in the sky and landscape (ACSSU019)
Hot and Cold Weather	21	Earth and Space Sciences	Earth's rotation on its axis causes regular changes, including night and day (ACSSU048)
What is Rock?	22	Earth and Space Sciences	Earth's surface changes over time as a result of natural processes and human activity (ACSSU075)
Getting the Water We Need	23	Earth and Space Sciences	Earth's resources, including water, are used in a variety of ways (ACSSU032)
What is Soil?	24	Earth and Space Sciences	Earth's resources, including water, are used in a variety of ways (ACSSU032)
The Solar System	24	Earth and Space Sciences	The Earth is part of a system of planets orbiting around a star (the sun) (ACSSU078)
What Happens to Rock?	24	Earth and Space Sciences	Earth's surface changes over time as a result of natural processes and human activity (ACSSU075)
Wind and Storms	25	Earth and Space Sciences	Observable changes occur in the sky and landscape (ACSSU019)
PHYSICAL SCIENCES			
Moving Things	21	Physical Sciences	A push or a pull affects how an object moves or changes shape (ACSSU033)
